

ESG and Sustainability

At B.C. Instruments India, we are committed to promoting sustainable growth by upholding Environmental, Social, and Governance (ESG) principles. Our initiatives are a reflection of our common goal of improving the earth and communities.

Our Policy

1. Environmental Responsibility

We minimise our environmental footprint through the following:

- Efficient resource management.
- Waste reduction.
- Adoption of green technologies.

2. Social Commitment

We foster well-being by:

- Promoting diversity, equity, and inclusion.
- Supporting local initiatives for education, health, and sports.

3. Governance Excellence

We maintain transparency and ethical business practices.

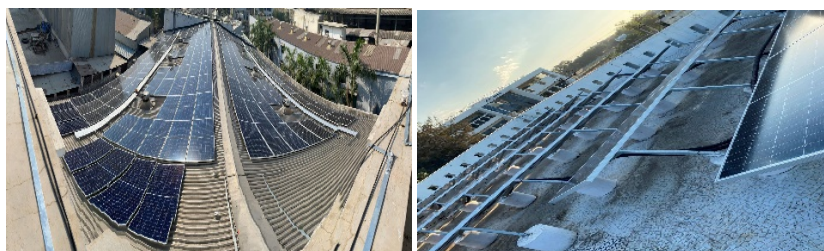

- **Awards:** Recognized by the Government for Excellence in Governance.

Key Initiatives

Energy Efficiency

- Installed solar panels on rooftops.

Waste Management

- Minimal waste through precision machining of hard metals.
- Adoption of recycling and waste reduction measures.

Community Engagement

- Collaborations with local universities, healthcare providers, and sports associations.
- Support for environmental conservation projects.

Employee Well-being

- Safe and inclusive workplace.
- Training and development opportunities for career growth.
